Active ingredients and raw materials

Offering an Innovation

Natural ingredients for food supplement and cosmetic product development

Monteloeder provides first-in-class botanical extracts standardized in different active principles to different markets (Food, Food supplement, cosmetic industry, etc..)

We also provide innovative, clinically supported health ingredients. Such as MetabolAid for weight management, ZeroPollution, and Nutroxsun to protect your skin from the environmental aggressions and MovePlx! to support those who want to keep an active lifestyle.
